

Suffi

#00FF00

An aerial photograph showing a stark contrast between a lush green forest on the left and a charred, blackened landscape on the right. The fire-ravaged area is filled with skeletal remains of trees and thick plumes of white smoke rising from the ground. A black rectangular box with white text is overlaid on the bottom right of the image.

Amazonas brennt

Eis fehlt

The image shows a wide, flat expanse of parched, brown soil. The ground is covered in a dense network of deep, irregular cracks that form a mosaic-like pattern across the entire surface. The lighting is bright, casting sharp shadows that emphasize the texture and depth of the fissures. In the lower right portion of the image, there is a black rectangular box with rounded corners containing white text.
